Anti-Ageing Facial

Our signature anti-ageing facial uses only high strength clinically proven products which have been developed by our clinic.

All of the products used are parabens free and not tested on animals.

The anti-ageing facial is designed to increase dermal thickness, detoxify your skin and absorb damaging free radicals leaving your skin looking more youthful whilst minimising fine lines and wrinkles and reducing dull lacklustre skin.

- 1 Double deep cleanse with Cleanse.**
- 2 Apply Exfoliate exfoliator mask and massage into the skin for a few minutes.**
